

Borage Seed

As a specialty oilseed, Borage Seed is predominantly pressed for oil. Borage Oil and has the highest concentration of Gamma Linolenic Acid (GLA) of any plant source.

GLA is an Omega 6 Fatty Acid that is necessary for brain function, regulation of metabolism, and healthy skin, hair, and nails. Borage Seed Oil is commonly used for its skincare and nutritional benefits. It has many potential uses and is undeniably valuable for the entire body's health and well-being.

Borage Seed Oil is widely used in skincare formulations for dry and damaged skin as it restores moisture and soothes irritation, treating skin disorders such as psoriasis, eczema, acne, rosacea, and prematurely matured skin. GLA also has the ability to calm and reduce inflammation, thus alleviating the pain, swelling, and joint stiffness associated with arthritis.
