

Ground Brown Linseed

Ground Brown Linseed is a great source of protein necessary for tissue building and repair, which contributes the growth and maintenance of muscle mass and bone normality.

Ground Brown Linseed also has high levels of dietary fibre both soluble and insoluble which contributes to regular laxation. In addition, the oil component provides the Essential Fatty Acid (EFA) Alpha Linolenic Acid (Omega 3). We cannot produce EFA's ourselves, and therefore they need to be an essential part of our daily diet, making it an ideal functional food ingredient.

Ground Brown Linseed provides nutrients that will ensure optimum health and well-being for the whole family, and it can easily be incorporated into the daily diet.
