

Hulled Hemp Seed

Hulled Hemp Seeds are harvested from the THC free Hemp plant (*Cannabis sativa*), and then mechanically hulled without the use of chemicals and solvents.

Hulled Hemp Seed is a nutritional super food, offering a sustainable and renewable source of digestible protein (10 essential amino acids), as well as a variety of vitamins and minerals, including Iron, Magnesium and Manganese. Furthermore, its oil component is an excellent source of the Essential Fatty Acids (EFA's) Linoleic Acid (Omega 6, LA) and Alpha Linolenic Acid (Omega 3, ALA) as well as smaller amounts of Gamma Linolenic Acid (GLA), and Stearidonic Acid (SDA).

Hulled Hemp Seeds are one of nature's most digestible, natural and complete sources of protein, amino acids and EFA's. They have many health benefits including building and tissue repair, growth and maintenance of muscle and contributing to normal metabolism. With their pleasant nut-like flavour and creamy texture, Hulled Hemp Seeds can be eaten raw or make an ideal addition to foods such as cereals, salads, smoothies or baking. Hulled Hemp Seeds are a nutritious product that is gluten free, nut free, no added sugar, and is suitable for vegetarians and vegans.

Technical Data

Product Name: Hulled Hemp Seed

Botanical Name: *Cannabis sativa*

Active Ingredient(s): Protein, Linoleic Acid (Omega 6), Alpha Linolenic Acid (Omega 3).

Food Safety: This product has been produced in accordance with HACCP principles.

Shelf life: 12 months from production date.

Allergen Statement: No allergens. Gluten may be present.

GM Status: Produced in a GM free production process.

Certifications available: HACCP and Organic. Kosher and Halal available on request.

Product Variations:

- Hulled Hemp Seed
- Hulled Hemp Seed ORGANIC
- new hemisphere Hemp Seed Hulled 200g
